

Dirt Art Pty Ltd environmental policy

Aim

Dirt Art is committed to conducting business in an environmentally aware and responsible manner. *Dirt Art* seeks the co-operation of company management, employees, contractors and project partners in ensuring that organisational practices are conducted with the most minimal environmental impact.

Objective

To work with employees, contractors and project partners to deliver project outcomes that limit environmental impacts, and where possible provide a net environmental benefit.

Policy

Dirt Art will work proactively to minimise impact on the following:

- Atmospheric emissions
- Site contamination and spills
- Noise Emission and Vibration impacts
- Damage and/or disruption to flora and fauna
- Storm water, erosion and sediment management
- Unnecessary energy consumption

To fulfil this commitment, *Dirt Art* will observe all environment laws and promote environmental awareness among all staff and contractors to increase understanding of environmental matters.

Dirt Art will actively take part in the following:

- Comprehensive planning to limit project environmental impacts
- Limit flora and fauna disturbance across all projects
- Assess Eco-footprint to identify environmental impacts and move towards more sustainable practices
- Identify waste streams and options for effective waste management
- Improve purchasing (buy recycled materials, reduce waste, use less harmful/volatile chemicals)
- Improve storage (reduce quantity, waste and spills, Reduce odours by keeping containers closed)
- Conserve energy (eco-friendly lights, turn lights off, emergency efficient equipment, greener fuel sources –such as LPG and methane).
- Conserve water (install water saving accessories, repair leaks)
- Preserve water ways (clearly mark and protect storm water drains)
- Emergency planning and spill response
- Seek appropriate licenses/permits from State Environmental Protection Agencies and other relevant Authorities.
- Improve education/awareness
- Notify relevant authority in the event of a major environmental impact.
